We will start our day at the Grand Ole Opry for a backstage tour. Go behind the curtain at Nashville's premier country music stage and get a behind the scene look at this legendary venue. Take a journey back in time as we visit two of the most historic mansions in the Southeast, The Hermitage and the Belle Meade Plantations. The Hermitage, home of President Andrew Jackson and is known to be the best preserved early presidential home and is ready for us to explore just as it would have been in 1836. You will be treated to an old fashioned southern lunch at The Hermitage, a family owned and operated smorgasbord since the 1940's. Then on to visit the Belle Meade Plantation, an estate of 2500 acres of rolling land, once a world renowned thoroughbred farm. Here you will have a narrated tour with time to tour the grounds on your own. We will complete our visit with wine tasting at the Winery at Belle Meade. Join in the fun on this great side trip to Nashville.

Visit the Historic RCA Studio B, home of more than 1000 top 10 hits including numerous classics by Dolly, Waylon, Willie Roy Orbison and Elvis. You will have a chance to join a choir style recording session in the very spot where Elvis recorded over 250 songs! Our next stop is the entertaining and interactive Country Music Hall of Fame and Museum where you will find plenty of inspiration among the rare costumes, instruments and archival films that tell the history of America's music. No visit to Nashville would be complete without a trip to Jack's BBQ. New York Times, Southern Living and USA Today has written this restaurant up to be the "Best BBQ in Nashville, Tennessee." After lunch we will take a self guided tour of country music's most hallowed hall and the Mother Church of Country Music! The Ryman Auditorium is an acoustic gem; a National History site and former home of the Grand Ole Opry from 1943-1974. This tour of Music City will be one you will not want to miss!
